

## Envirco MAC10 Fan Filter Units

As one of the most innovative Fan Filter Units (FFU) available, the MAC 10 Original combines low watts, low sound and a low profile. The MAC 10 Original sound level is only 49 dBA, and by operating at 170 watts, the MAC 10 Original uses less energy, resulting in lower operating costs. Plus, the unit still measures less than 13 in. (330 mm).

### Features

- Low watts, low sound, low profile
- Three-speed switch featuring low, medium and high setting standard on all 2 ft x 4 ft (600 mm x 1,210 mm) units
- Solid State Speed Control standard on 2 ft x 2 ft (600 mm x 600 mm), 2 ft x 3 ft (600 mm x 905 mm), and 2 ft x 3.5 ft (600 mm x 1,057.5 mm) units
- High Efficiency Particulate Air (HEPA) filter is standard
- Snap-in prefilter; no tools required
- Walkable plenum (excluding prefilter) provides a durable and sturdy walking surface
- Various sizes and voltages available for worldwide applications
- Meets latest IEST Recommended Practices
